The Accountant-General, Madras, with reference to his letters Nos. Bang. A.A.-43, dated the 9th February, 1933 and Bang. 392, dated the 16th December, 1932.
The Accountant-General, Central Revenues, New Delhi.

The increase under "H.9-Administration of Justice" is mainly due to the refund of fines to the accused under the orders of Appellate Court.

The refunds under "H.2-Land Revenue" depend upon the net collection of the previous year. A sum of about Rs. 3,600/- was expected to be realised in 1931-32 but the actual net collection was Rs. 2844/- After deducting 10% towards the cost of collection ~~Rs. 2559-15-0~~ the balance was refunded to the Municipality; hence the decrease.

The decrease under "H.15-Medical" is due to less refunds made under to Medical Officers as no fees were received from Patna Medical Students for midwifery training in the Bowring and Lady Curzon Hospitals.

The decrease under "D.-Stamps" is due to less refund payable to Municipal Commrs., on account of transfer T. M. T. duty imposed on registered instruments under 8-3-1933. the Bangalore Municipal Law.

SIR,

The excess applied for is due to the fact that refund due under Section 49 of the Act was much more than what was anticipated at the time of budgetting owing to the fact that a Company made more profits than in the preceeding years and to increase in the rate of taxation.

In this connection a reference is invited to the Income-tax Officer's letter No.G1.3 dated 8-2-33 to the Collector, Civil and Military Station, Bangalore - copy enclosed, wherein it was stated that the further allotment required was only Rs.70,000/-.

In continuation of my letter referred to above, I have the honour to forward herewith a statement showing the anticipated excess or saving in the actual expenditure as compared with the sanctioned grants for 1932-33.

The saving of Rs.135/- under the head A.2 Pay of Establishment is due to a portion of leave salary provided for not having been utilised.

Since it has been decided that refund is to be granted under Section 49 of the Act only on the amount remitted, the total amount of exepanditure expected under this head II Refund of Taxes on Income is Rs.1,40,000/-. If the additional allotment of Rs.80,000/- asked for in my letter dated 22-11-32 has been sanctioned, there is expected to be a saving of Rs.10000/-, but if it has not yet been sanctioned, the additional allotment required may be reduced to Rs.70,000/-.

As the volume of printing the Judicial Records was more than usual, the increase in revenue under this head could not be anticipated and hence the variation between the revised estimates and actuals.

Budget estimates of Mysore Assigned Tract for 1932-33- Variations between actuals and final appropriations in the Excise figures- Your endorsement No. 3385-A-33 dated 10-7-1933.

VI-Excise-Malt liquors- Duty on country brewed beer:-

The consumption of beer for the first four months of the lease commencing from 1st April 1932 was steady and as it showed a sudden fall in August 1932, it was thought that the duty also would fall proportionately; hence a sum of Rs 90,000/- was provided; but as the consumption showed a slight increase during the last three months of the lease, there has been a variation of Rs 19,470/- in the actual figures as compared with the Revised Estimate figures.

2. Vend rent of beer taverns;- The beer shops were worked on surcharge system for the first nine months of the lease. It was then considered advisable to revert to the auction system. The shops were sold in auction for an annual rental of Rs 52,500/- with effect from the 1st January 1933. Due to the fall in the consumption of beer during the last five months of the surcharge period, there has been a fall in the rentals.

I have the honour to state that, in your letter No. 5438 dated 27th July 1933, no explanation was offered for the variation between the actuals and final appropriation under "Account IV - Other expenditure heads - K - Superannuation allowances and pensions" in the Bangalore area demand for the reason that, in respect of that grant, the controlling officer is the Accounts Officer concerned - Vide item 6 in the statement enclosed to the above letter. A reference is, however, invited to the list of controlling officers in respect of demand for grants for 1932-'33 forwarded by the Government of India, Finance Department, to the Auditor General with their letter No. D.2209-B. dated 12th August 1932, a copy of which was communicated to the several departments of the Government of India. In that list, the Hon'ble the Resident in Mysore has been shown as the controlling authority for the Bangalore area demand - Vide page 11 thereof. It is therefore requested that the reasons for the variation in question may kindly be communicated to this office at an early date.

With reference to your endorsement No.6993/429-1931, dated 23rd August, 1933, I have the honour to state that the sanctioned appropriation (which is the same as the sanctioned budget figure) for the year 1932-33 under the head Account IV - Other Expenditure Heads - K. Superannuation Allowances and Pensions was Rs.48,000/- as detailed below:

1.	Superannuation and retired allowances	43,000/-
2.	Compassionate allowances ...	100/-
3.	Gratuities	400/-
4.	Equated payments of commuted value	3,000/-

X S.N.10/A 276-32

When sending the budget for 1933-34 with this office No.Bud. 928, dated 30th August, 1932, this office fixed the revised estimate for Superannuation and retired allowances as Rs.48,000/-, compassionate allowances as Rs.100/-, and gratuities as Rs.400/-, and made a remark that the Revised Estimate for the other heads, 4 and 5 above, should be made by the Accountant General, Madras. As this office presumed all along that the Accounts Officer was responsible for controlling expenditure under "Superanuuation Allowances and Pensions", as already intimated in this office No.268, dated 19th May, 1932 in connection with the Appropriation Accounts for 1930-31, and no later orders were communicated to this office modifying this view, no action was taken by this office for surrendering any savings. This office is also not aware how or by whom the Revised Estimate of Rs.43,000/- for all

S.N.7 689-31. (Put up for another connection)

the above items was fixed. It will be noticed also that the head "45 Superannuation Allowances and Pensions was not included in Annexture II to the Proceedings Nos.8966, dated 14th December, 1931, as one of the heads to be controlled by this Administration. In view, however, of the Accountant General's letter No.Bang.7-332 dated 10th August, 1933, necessary amendments may be issued, including the head "Superannuation Allowances and Pensions" in the Annexture II to the Proceedings No.8916 dated 14th December, 1931, to clear the position and to enable future control being exercised by this office.

The actuals for 1932-33 do not vary much from the revised estimate for 1932-33 as shown below:

Revised Estimate 1932-33	Actuals 1932-33 including March 1933 final.
43,000/-.	42,279/-.

It appears therefore that owing to the mis-understanding explained above, the anticipated saving of Rs.5,000/- was not surrendered to the Government of India.

Sir,

With reference to your endorsement No.9299/429-1931 dated 19th September 1933, on the above subject, I have the honour to furnish below the particulars called for.

(1) Please see para 1 of this office reply No.Bud.344 dated 11th/12th July 1933, in reply to your endorsement No.4964 dated 4th July 1933. As explained therein the provision of Rs.2200/- intended for "Miscellaneous other items" was apparently included under "Other fees fines and forfeitures - Other Items". The actuals however have been correctly shown under "Miscellaneous Other Items" transferred by the Accountant General Madras in his March 1933 Final accounts under a new minor head "Rents".

(2) The amount allotted to this office for expenditure under contingencies was Rs.1210/- and the expenditure there against was Rs.1209-10-7.

Variation between the actuals and modified appropriation in the Mysore Assigned Tract Estimates for 1932-33 - Your endorsement No. 4800-A-33 dated the 26th September 1933.

VI- Excise - Wines and Spirits - Duty on locally made foreign liquors:- The variation between the actuals and the revised estimate is due to the increase in the consumption of locally made foreign liquor during the second two quarters of the year 1932-33, which could not be anticipated at the time of submission of the revised estimate.

Country Spirits - Still Head Duty:- The difference is due to the heavy fall in the consumption of arrack during the year. The revised estimate was framed on the basis that the consumption of arrack would be uniform throughout the year; but there was a further fall of 7,700 gallons in the consumption of arrack as compared with the consumption of the year 1931-32. The heavy fall could not be anticipated.

Country fermented liquor - Tree tax:- The toddy contractor for the lease commencing from the 1st July 1932 marked nearly three times the number of cocoanut trees marked in the year 1931-32 and 1,200 Date trees more than the previous year. This is due to the increase in the consumption of toddy, the quality being good. Further, the Contractor marked 3,600 cocoanut trees and 3,500 Date trees in the Salem District, where higher rates of tree tax prevail.

Explanation regarding variations.

(1) The variation between the actuals (Rs.1477) and the modified appropriation (Rs.2000/-) under "Account IV - H. Political" was due to ~~partly~~ cut in pay and partly to the amount added for rounding. The savings were at first utilised to meet the cost of forms supplied to Police Department under "L - Stationery and Printing". As the expenditure under the latter head for 3 quarters in 1932-33 was less than Rs.600/- the reappropriation was considered unnecessary and cancelled. It was then too late to surrender the savings to the Government of India.

~~(2) xExcise.~~

(2) VI. Excise.

Wine Spirits etc.

Duty on locally made foreign liquor =

Revised estimate	Actuals
10,000	20.518.

The variation between the actuals and the revised estimate is due to the increase in the consumption of locally made foreign liquor during the second two quarters of the year 1932-33, which could not be anticipated at the time of submission of the revised estimate.

(3) Country Spirit.	Revised estimate.	Actuals.
still head duty	3,00,000	2,54,176

The difference is due to the heavy fall in the consumption of arrack during the year. The revised estimate was framed on the basis that the consumption ~~on the basis that the consumpti~~ of arrack would be uniform throughout the year, but there was a further fall of 7700 gallons in the consumption of arrack as compared with the consumption of the year 1931-32.
The heavy fall could not be anticipated.

(4) Country fermented liquor.	Revised estimate.	Actuals.
Tree tax.	35,000	53,094

The toddy contractor for the lease commencing from the 1st July 1932 marked nearly three times the number of cocoanut

trees marked in the year 1931-32 and 1200 Date trees more than the previous year. This is due to the increase in the consumption of toddy; the quality being good. Further, the contractor marked 3600 cocoanut trees and 3500 Date trees in the Salem District, where higher rates of tree tax prevail.

XVII.

(5) Administration of Justice.

Miscellaneous.	100	-	1686

The variation was due to the receipt of a sum of Rs.1616-12-6 on the 9th March 1933 from the Official Receiver, Civil and Military Station, Bangalore.

(6) XXII - Medical

	Revised estimate.	Actuals
Collection of payments for service rendered.	4,000	8,225

The variations are due to more cases treated during the year under reference.

(7) XXXV. Miscellaneous.

	Revised estimate.	Actuals.
Other fees, fines and forfeitures.	2200	

The provision of Rs.2200/- intended for "Miscellaneous Other items" was apparently included under "Other fees fines and forfeitures - Other items". The actuals however have been correctly shown under "Miscellaneous Other items transferred by the Accountant-General, Madras, in his March 1933 Final Account under a new minor head "Rents"

(8) Mysore Residency.

Charges.	Modified appropriation.	Actuals.
Political B-7 contingencies.	16,300	15131.

The savings of Rs.1169 under "Political B.7 - Contingencies" due to less expenditure incurred under the "Tour charges, Postage and Telegram charges and purchase of books and publications" than anticipated.
